Timeless hardwood with a coarse texture and a pinkish-red hue. The texture of the wood varies according to the rate of growth, but typically has a strong open grain pattern with a mix of straight and cathedral grain patterns. Although we hand select our lumber, you can expect small amounts of mineral streaking, pin knots and burls as well as occasional ray flakes.

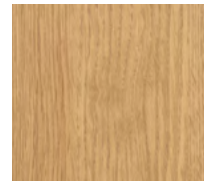

MODERN CLASSICS

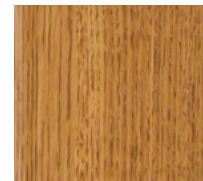

Stable wood with pale yellow-brown to pale brown tones, sometimes with a pinkish tint. As a result of the quarter sawing process, the wood exhibits a beautiful grain texture with a uniform straight grain and a striking ray flake figure. Although we hand select our lumber, you can expect occasional pin knots and light mineral streaks.
